

Resource 1

Look at the resource below, where some children share their favourite characters.

I love Meg as she is very funny and I like that she can cast spells and ride a broomstick. I would love to do that.

Emilie

Rocket is amazing! She cares about the environment and tries to stop plastic pollution. She saves the day and is my hero.

Imran

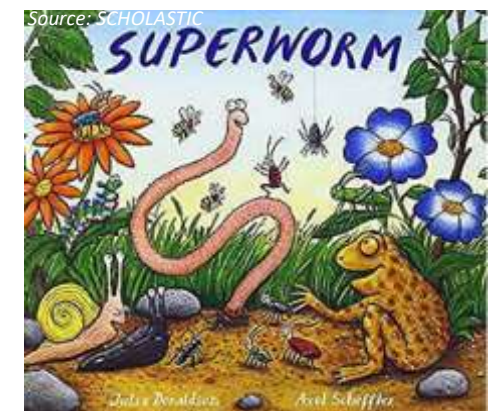

Billy is my favourite character as I think he is very similar to me. He is scared of the dark and I am too!

Rhys

I really like Superworm as he has some good friends and he rescues them all the time. His friends then help him when he is captured by wicked lizard.

Deena
