

## Resource 1

Look at the resource below, which shares some information about the Munduruku people.

What do you think might be similarities and differences between your life and the life of the Munduruku people?

## Munduruku

Munduruku people live in the area around the Tapajós River in the Amazon rainforest, which is in South America.

Munduruku people farm, hunt, fish and gather. They make a living from collecting latex, which is the milky, white sap from wild rubber trees. It flows freely when a sliver of bark is removed.

Collecting latex from a wild rubber tree in Brazil.

Canoes on the bank of Tapajós River.

Can you locate South America on the world map? Where is the UK?
