

## Assembly Resource

Read through the examples of how some schools performed in front of others in December. Share the benefits and drawbacks of each. Are there any that you would have liked to take part in?

### Boldon Nursery – Outdoor concert

Pictured above: Boldon Nursery's outdoor concert.

Boldon Outdoor Nursery School celebrated the festive season by having warm drinks, eating mince pies, and singing Christmas songs and carols around the fire with their parents, families, and wider community.

### Grasmere Primary – Christmas film

Jo Goode, headteacher of Grasmere Primary School, said, "I really wanted to give something to the community this Christmas, despite the children being unable to perform on stage in church. The Christmas story is so important to the community. Seeing children in tinsel cheers everybody up every year, and we can't do that, so we've decided to make a film instead."

### Endike Primary – Virtual advent calendar

Pictured above: One of the classes at Endike's Christmas songs.

Each class at Endike Primary School, in Hull, recorded a Christmas song for a virtual advent calendar - with videos being published on Twitter every day until Christmas Eve. There are festive props and backgrounds, with children wearing costumes to match their songs. "It was an idea from one of the teachers here of how we could bring Christmas to the parents, now we can't have them in school," explained Y3 teacher Trina Smallwood.
