

Kingfishers

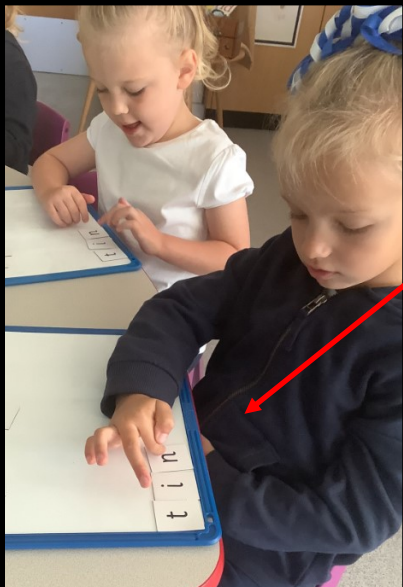

Our topic of the moment is: Me and my community. It has been lovely to spend this time getting to know children through "Marvellous Me!" bags.

This week we have been looking at the changes we see in autumn. We have been on an autumn walk around school which was fun! We also explored the colours of autumn with leaves and paint.

We are learning to sing an autumn song. Scan the QR code and your child will sing it to you!

Children are off to a flying start in phonics! We love working with the magnetic letters!

Well done to children who are values champions!

Please see what we get up to on twitter!
