

Buzzards' Class Newsletter

We have had a very busy start to our second half of the Autumn term!

We have had special events and have been learning lots of new things!

We enjoyed our Times Table Rock Star day, which involved practicing our times tables and challenging each other - some children even challenged Miss Dixon! Our times table are so important in Year 4 so we enjoyed getting lots of practice in for our times table check.

We had our whole school Art week the first week back, which we also enjoyed. We learnt about Diwali, made our own Diya lamps out of clay and finally painted them too. Look at the fantastic patterns the children created!

We have also began learning about the Rock Cycle in science and started our brand-new book in English called Ug. Where we have been writing our own recipes for The Stone Age food and creating games they could play in The Stone Age.

Thank you, as always, for your continued support with your children's learning at Ash Grove.

Buzzards have had a fantastic start to their time in Year 4 and I have no doubt that it will continue.

Miss Dixon
