

# Harriers Newsletter

Our topic this half term has been Toys. We have been enjoying learning about toys from Victorian times and toys our grown ups at home might know!

We went to Minsthorpe community college for a cross country event with other schools from our local area.

For 'En Français Friday' we played French colour bingo and listened to French music. We also wore the colours of the French flag.

We visited our local Library where we learned lots about books and activities that the library holds during school holidays.

We even got to sing Harvest songs at the care home.

We did lots of learning!

Thank you for your support!
