

Hawks' Class Newsletter

The children in Hawks have made a fabulous start to the year. They have been busy taking part in daily Read, Write, Ink lessons, handwriting, maths and English as well as lots of opportunities to learn in our indoor and outdoor continuous provision areas. It's great to see how well they have adapted to life in Key Stage 1.

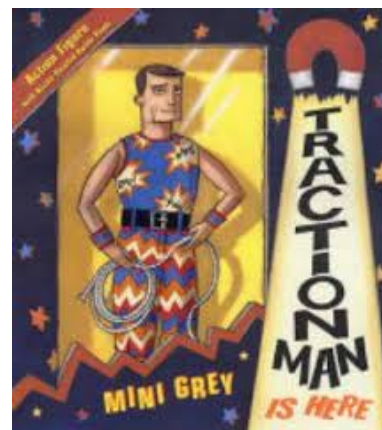

We have been learning about toys from the past and have made our own Victorian toy—the cup and ball.

In maths, we have been blasting off into space to practise counting backwards and finding one less.

In science, we have been learning about our sense of hearing. We went on a sound walk around school and even heard some thunder! We have our very own doctor's surgery and have been helping out patients when they come in with earache by telling them how to look after their ears.

We are enjoying reading Traction Man and have been writing questions that we would like to ask him.

Thank you for your support, Mrs Pugh and Mrs Woodward
