

Our class book is Traction Man. We are enjoying retelling the story and making up new adventures for Traction Man in our provision areas.

Kestrels

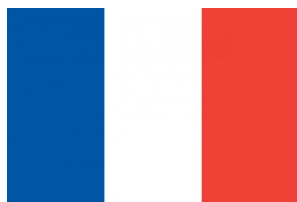

Wow! We have been busy in Year 1!

We are learning all about sound in science. This week we are thinking about how to look after our ears. Here is a doctor writing out an important prescription for someone with a poorly ear.

'En Français Friday' was fantastique! We enjoyed speaking lots of French, singing French songs and playing French games. Ask us at home how to say 'Hello', 'Good bye', 'Delicious' and 'Yum yum!' in French!

Super hero cut-

Super engineering skills to create our own toys!

Thank you to you all for your continued support.

In history, we have found out what toys were like in the Victorian times. We even played hoop and stick to see if it was a fun game.
